Safety-Kleen (Wichita) Facility
2549 North New York Avenue
Wichita, Kansas

Dear Mr. Lowe:

This letter formally requests an extension to the deadline for revisions to the RCRA Facility Investigation Work Plan for the Safety-Kleen Wichita Facility in Wichita, Kansas. As a result of requested revisions discussed in our conference call on September 24, 1999, we will require additional time to adequately make modifications to the existing draft Work Plan. As we discussed, we will deliver two copies of the revisions to you no later than October 15, 1999. I feel confident that the revised version will address the concerns of your July letter and our recent conversations.

Thank you for your consideration of this request in advance.

Sincerely,

Kay L. Tauscher, CPG
Project Manager
